

Bright - Wandiligong

15/4/11

"Set off from APCO about 0920 with Myself, Zoe, Zoe's little brother Jack & David Ashford in my vehicle and Andrew Brown following closely behind in his GQ shorty. First stop was lake Buffalo where we aired down and had a quick chat then we set off

over Mt Buffalo towards the Buckland valley with some breath taking views along the way. Stopped in briefly at a mates place for a chat and to stretch

the legs. Then we were off again to Dingo ridge track which started with a tough hill climb to but that quickly calmed down to a nice undulating track with more nice scenery. Dropped down into Wandiligong where we stopped for some lunch at the largest living hedge maze in Aus. Back down the road to Mongrel track to Harrietville and we were back on the Bitumen heading home. It was a very nice relaxing day

Out the back of Wandil...heading to Harrietville

which was enjoyed by all. The driving was easy and the views spectacular."
