

Trip Reports:

A Day In the Gardens, Benalla

Benalla rose festival was a great place to show what the Wangaratta 4x4 club has to offer. It was a very pleasant day if not on the warm side. Kerry'n did a great job co ordinating the event and the new club shelter looked great.

Craig had some fantastic photo's up for display and a computer presentation as well. There were two camper trailers and Ron could have sold his a couple of times over while Stan did sell his tent to a happy couple. Noel and Irene's vehicle impressed many visitors while David, Rob and the other members were there answering questions and really showcased the club well.

A very impressive job done by all.
